

SPEECH-LANGUAGE PATHOLOGY PATHWAY TO CERTIFICATION

1

Graduate

Earn your master's degree from a CAA-accredited program.

PRO TIP: Save \$225 on your first year of ASHA Membership and Certification by maintaining NSSLHA membership for 2 consecutive years. Find out how by visiting www.asha.org/Members/NSSLHA

2

PRAXIS

Take and pass the Praxis Examination in Speech-Language Pathology at any time before, during, or after applying.

3

Apply

Submit your online application for the Certificate of Clinical Competence in Speech-Language Pathology (CCC-SLP) to ASHA. Read the current speech-language pathology standards to be aware of any changes.

PRO TIP: Apply for ASHA certification with membership between January 1-August 31 to take advantage of ASHA's Professional Membership Package that offers up to two years of membership for the price of 1. Find out more by visiting www.asha.org/members/nalMembershipPackage

4

Join

Choosing ASHA membership with your certification allows you to enjoy member benefits that support knowledge, Learning, Advocacy, and Community

5

Clinical Fellowship

Select your mentor(s) and verify that they meets ASHA requirements for supervision. Successfully complete your Clinical Fellowship (CF) experience of at least 36 weeks and 1,260 hours.

PRO TIP: Verify that your Mentor is current by visiting www.asha.org/certification. Click on the Verify ASHA Certification button at the top of the page.

6

Submit Form

Enter your CF experience into your certification online application.

7

Review Period

The application review process can take up to 6 weeks from the date your last document is received. Certification is granted when all of your documents have been received and approved.

8

Certified

CONGRATULATIONS! You have been awarded the CCC-SLP and your new ASHA card will be arriving soon. You may now use "CCC-SLP" after your signature.
