Research Doctoral Degrees Granted Data Table – Worksheet

Instructions: This worksheet is meant to assist you in organizing data to answer questions in your survey. Please complete a separate worksheet for each "Program Area of Study" and each research "Degree Type."

Survey Question: In the most recently completed academic year how many research doctoral degrees were granted to students in the following areas (indicate "0" where none occurred)?

Program Area of Study (select one): ☐ Audiology ☐ Speech-Language Pathology ☐ Speech and Hearing Sciences

Degree Type (select one): ☐ EdD (research) ☐ PhD (research) ☐ ScD (research)

Complete the table by indicating the number of research doctoral degrees granted during the **most recently completed academic year** (Fall through and including Summer). **For this survey, enter data for the academic year Fall 2005 – Summer 2006.**

HELP:

- This question applies to research degree types ONLY.
- **Non-International**: Domestic citizens or resident aliens (visas not required)
- **International**: In determining the number of "international" students, include only those students who applied from outside the US and who have been issued an F1 or J1 Visa (http://educationusa.state.gov/usvisa.htm) by the US Government. Contact your institution's office for international students for additional information.
- **White**: Caucasian
- **Racial/ Ethnic Minorities**: Non-white/non-Caucasian.
- The maximum number of students for any given category is 20. If your program graduated more than 20 research doctoral students in any given category, please use the comment box at end of this survey section.
