Undergraduate Enrollment Data Table – Worksheet

Instructions: This worksheet is meant to assist you in organizing data to answer questions in your survey.

Survey Question: For the most recently completed academic year (Fall through and including Summer), how many undergraduate students fit into each of the following categories?

Complete the table by indicating the number of applications received for this degree program during the **most recently completed academic year** (Fall through and including Summer). **For this survey, enter data for the academic year Fall 2005 – Summer 2006.**

Year	Non-International				International		Total M/F
	White		Racial/ Ethnic Minorities		M	F	
	M	F	M	F			
1 st							
2 nd

4 th							
Other							

HELP:

- **Non-International:** Domestic citizens or resident aliens (visas not required)
- **International:** In determining the number of "international" students, include only those students who applied from outside the US and who have been issued an F1 or J1 Visa (<http://educationusa.state.gov/usvisa.htm>) by the US Government. Contact your institution's office for international students for additional information.
- **White:** Caucasian
- **Racial/ Ethnic Minorities:** Non-white/non-Caucasian.
- **Other:** post-baccalaureate, etc. programs
- The maximum number of students for any given category is 100. If your program has more than 100 students in any given category, please use the comment box at end of this survey section.
