Notices: The program is advised to adhere to the following notices that are appended to this report.

- PROGRAM COMPLIANCE EXPECTATIONS
- PUBLIC DISCLOSURE OF DECISION AND ACCREDITATION STATUS
In the context of the institutional and program mission statements and in consideration of the credentials for which the program is preparing students, the CAA conducted its comprehensive review and found the program to be in compliance with the Standards for Accreditation of Graduate Education Programs in Audiology and Speech-Language Pathology, except as noted below.

**AREAS OF NON-COMPLIANCE**

The CAA found the program to be not in compliance with the following Standards for Accreditation. Non-compliance means that the program does not have in place the essential elements necessary to meet the standard. The program must demonstrate its compliance with these standards when responding to prior concerns in the next annual report or reaccreditation application or by the timeline specified below. The CAA will indicate in its review of that report whether the program has addressed these areas sufficiently to achieve compliance. Failure to demonstrate compliance with the standards may jeopardize the program’s accreditation status or require the CAA to place the program on probation.

- There are no areas of non-compliance with accreditation standards.

**AREAS OF PARTIAL COMPLIANCE**

The CAA found the program to be in partial compliance with the following Standards for Accreditation. Partial compliance means that the program has in place some, but not all, of the essential elements necessary to meet all aspects of the standard. The program must demonstrate its compliance with these standards when responding to prior concerns in the next annual report or reaccreditation application or by the timeline specified below. The CAA will indicate in its review of that report whether the program has addressed these areas sufficiently to achieve compliance. Failure to demonstrate compliance with the standards may jeopardize the program’s accreditation status or require the CAA to place the program on probation.

**Standard: 4.3 Student Intervention**

*Requirement of the standard to be met:*

- The program has policies and procedures for identifying the need to provide intervention for each student who does not meet program expectations for the acquisition of knowledge and skills in the academic and clinical component of the program.

**Evidence of partial-compliance:** The program does not have written policies and procedures for identifying students who need intervention to meet program expectations for the acquisition of knowledge and skills in the academic component of the curriculum. While academic courses have
specific knowledge and skill outcomes that are required to be met, there is no policy for identifying students who do not meet them and developing an intervention plan for those students. Examples of remedial academic plans were not available.

**Steps to be Taken:** At the time of the next Annual Report, please provide evidence that the program has policies and procedures for identifying students who need intervention to meet program expectations for the acquisition of knowledge and skills in the academic component of the curriculum.

**AREAS FOR FOLLOW-UP (clarification/verification)**

The CAA did not find the program to be out of compliance with the following Standards for Accreditation at this time. However, the program must provide additional information or an update in the program’s next annual report or reaccreditation application for clarification or verification of these issues, in order to monitor the program’s continued compliance in the stated areas.

- There are no areas for follow-up with accreditation standards.

**PERFORMANCE WITH RESPECT TO STUDENT ACHIEVEMENT**

*The CAA has evaluated this program regarding its performance with respect to student achievement and provides the following report, required as an accrediting agency recognized by the US Secretary of Education [34 CFR 602.17(f)(2)].*

**PROGRAM COMPLIANCE EXPECTATIONS**

As an accrediting agency recognized by the U.S. Secretary of Education, the CAA must comply with Criterion §602.20 [34 CFR 602.20(a)(2)(iii)]. This criterion requires that if an accrediting agency’s review of a program indicates that the program is not in compliance with any standard, the CAA must establish timelines for programs that are not in full compliance “to take appropriate action to bring itself into compliance with the agency’s standards”. As the programs
that the CAA accredits are at least two years in length, the maximum time allowed under this
criterion is two years. If, after review of a required report, the program remains out of full
compliance with any standard and sufficient progress toward compliance has not been
demonstrated, the CAA may act to place the program on probation or withdraw its accreditation
status in accordance with the policy and procedures outlined in the Accreditation Handbook. The
CAA may place a program on probation or withdraw accreditation from a program prior to this
time when there is clear evidence of circumstances that jeopardize the capability of the program
to provide acceptable educational experiences for the students, as noted above. However, a
program will be placed on probation or accreditation withdrawn after the review of a third
consecutive report reveals that issues continue for the same standard(s) and the program
remains not in full compliance with all standards.

PUBLIC DISCLOSURE OF THIS DECISION AND ACCREDITATION STATUS

The CAA publishes a notice of final accreditation actions on its website after comprehensive
reviews are completed in accordance with its published policies. In the event an adverse action
is taken and becomes final (i.e., withdrawal or withholding of an accreditation status), the CAA is
required to publish a brief statement summarizing the reasons for withholding or withdrawing
the accreditation status of a program, together with the comments, if any, that the affected
program may wish to make.

The Criteria for Recognition by the U.S. Secretary of Education requires all recognized accrediting
agencies to provide for the public correction of incorrect or misleading information an accredited
or preaccredited program releases about accreditation or preaccreditation status, contents of
site visit reports, and accrediting or preaccrediting actions with respect to the program. [34 CFR
602.23(d) and 602.23(e)] The program must make accurate public disclosure of the accreditation
or preaccreditation status awarded to the program, using the language provided in the
Accreditation Handbook (see Chapter XII Informing the Public) on the academic accreditation
website. If the program chooses to disclose any additional information within the scope of the
ED rule, such disclosure also must be accurate. Any public disclosure of information within the
scope of the rule must include the CAA’s name, address, and telephone number as described in the
Accreditation Handbook. If an institution or program misrepresents or distorts any action by
the CAA with respect to any aspect of the accreditation process, its accreditation status, the
contents of the site visit report, or final CAA accreditation actions or decisions, the CAA will
inform the chief executive officer of the institution and the program director that corrective
action must be taken. If corrective action is not taken, the CAA will release a public statement
that provides correct information and may invoke other sanctions as may be appropriate.
