PING PONG DISCUSSION PROTOCOL

1. Pose the problem: What does audiology need to do to ensure our future? How do we approach this given the many and varied external and internal pressures that exist? (10 minutes)

2. Form small groups and each person takes a few minutes to write about the issue from their point of view. (10 minutes)

3. Each person shares their thoughts within their small group and select the highlights to present to entire group. (15 minutes)

4. Share the small groups highlights with entire group. (10 minutes)

5. Probing questions: What else do we need to consider? (10 minutes)

6. Synthesize information. (10 minutes)

7. Next steps: What input does the AAC have for the BOD based on this discussion? (10 minutes)
